I'm a **Senior UI/UX Designer and Product Designer with 12+ years of experience**, including **7+ years specializing in web and mobile product design**. Designed **100+ digital products**, including SaaS platforms, enterprise dashboards, and responsive websites.

Experienced in the **end-to-end product design process**, including user research, wireframing, prototyping, and high-fidelity UI design using **Figma, Adobe XD, and Framer**, while leveraging **AI and Generative AI tools** to enhance ideation and design workflows.

Collaborated with **cross-functional teams** to deliver scalable, user-focused solutions. Improved **product usability by up to 40%** through data-driven design and usability testing, and built **design systems that accelerated development by 30%** while ensuring consistency across products.

SOFTWARE, TECHNOLOGIES AND FRAMEWORK

- **UI/UX Design: -** User Research, Wireframing & Prototyping, Interaction Design, Information Architecture, Usability Testing, Design Systems, Responsive Design.
- **Design Tools: -** Figma, Adobe XD, Framer, Canva, Adobe Creative Suite (Photoshop, Illustrator, InDesign), CorelDraw.
- **Frontend & Technologies: -** HTML5+CSS3, SASS / SCSS, Bootstrap, Tailwind CSS, Material UI, JavaScript, jQuery, React (Basic Understanding), WordPress, Git (Project Management).
